Governor Cooper,

I am a proud constituent of yours and I was more than happy to cast my vote for you last year.

As you continue to work toward a better future for our state, I must implore you to condemn the construction of the Atlantic Coast Pipeline.

The constant pillaging and battering of our land is devastating at best, and I am terrified to see what “worst” may look like. Our water supply in the Neuse and Cape Fear River basins are already compromised, and no good will come from this pipeline.

What is the point of people getting jobs in the state if their overall health and quality of life will be at stake?

I am so concerned for the future of this state and our undeveloped land. Please speak out against the pipeline and ease my own worries among others’.

Lacey Frownfelter
